**ONCE A PARTICIPANT, NOW A BENEFACTOR
YAYASAN MENDAKI MENTOR NETWORKING SESSION**

*When you're in a position to have gotten so much,
the gift at this point is giving back.*

Paul Stanley

More than two decades ago, they were the first batch to experience the Learning Support Programme (LSP) that supported and motivated the Secondary One students from the Normal Academic and Normal Technical students to remain in school. Having benefitted from the guidance in developing positive attitude and coping skills, this group of individuals has now come back to offer their contributions. Come this **Saturday, 30 May 2015** at the Mentor Networking Session, they will pledge their commitment to be the 'big brothers and sisters' for the **revamped LSP as we continue to provide enriching and developing activities for our youths**.

The LSP version 2.0 will feature new structured interest groups with industry players in various sports and arts fields, opening avenues for our youths to explore and develop their own interests and capabilities in the current educational landscape with a focus on SkillsFuture.

Sharing his personal experience as a former mentor in the LSP, **Dr Yaacob Ibrahim, Minister for Communications and Information and Minister-in-charge of Muslim Affairs** will be engaging our current mentors as he encourages more in the community to come forward and together contribute back to society, guiding our young who will be the future of our community.
